Students must also complete 4 additional credits of MFT electives in the quarters of their choosing. Additionally, 6 credits of theology electives accepted under the MA- THEO Requirements. This example schedule frontloads the MFT coursework in the first year. Students should talk with MFT advisors about reconfiguring their schedule to best fit their situations.

Notes

This “example” tracking sheet lists the courses needed to complete both the MA in Theology (Theological Integration) degree at Seattle Pacific Seminary and the Master of Science in Marriage and Family Therapy in the SPU School of Psychology, Family and Community. The quarters, days of the week and times of day that specific courses are offered may, however, vary from year to year. Moreover, students may elect to take a different credit load quarter by quarter than is shown here. Also, students must be accepted into each program separately, and may in some cases begin the second program a year or more later than the first. Accordingly, the actual sequence in which a given student takes the required courses for the two degrees, and the actual “calendar time” it takes that student to complete those two degrees, may vary considerably from this model.

The MA degree requires 60 quarter credits of course work. The MS-MFT requires 70 credits of coursework.

But in the dual-degree configuration shown here, a student can complete both degrees by taking, not a minimum of 130 credits of coursework, but as few as 115. 15 of the required credits of interdisciplinary and elective courses for the MA can be fulfilled by MFT courses. Plus, the MA degree is designed to integrate theology with other disciplines (like psychology).
